

MHFC Staff Participate In Community Baby Shower

MHFC staff members Trelawny McCoy and Latoya Young-Nowlin attended a community baby shower hosted by State Senator Samra Brouk on May 5. This event is a resource fair for new and expecting parents in the Rochester community. Mt. Hope staff collected baby items and created “baby cakes” to donate. Our Building Healthy Children program has been on the receiving end of many donations over the years, so it was great to be able to support others with this incredible event.
